

Dear Resident:

The Morgan County Assessor's Office is currently conducting a neighborhood "sweep" in an attempt to locate persons living in Morgan County with **OUT-OF-STATE LICENSE PLATES** illegally.

My office is conducting these sweeps to guarantee a more fair tax system in West Virginia. Persons living in West Virginia with out-of-state plates cost the taxpayers over 1.5 million dollars annually. Because these people don't pay West Virginia personal property tax like every other West Virginia taxpayer, they force the burden of increased taxes on all honest taxpayers. **THIS IS UNFAIR AND ILLEGAL.**

You now can help rid Morgan County of this illegal practice. As a concerned citizen, you can gather information requested on this notice and either mail it back to my office or call my office (258-8570) to report violations.

Your assistance helps out all West Virginians (specifically Morgan Countians) by ensuring fairness to all.

Thank you,
Ronald G. McIntire
Assessor of Morgan County
